RVH – Revenue Vehicle Hours

Revenue Hours by Scenario

Service Recommendations

- Schedule Maintenance
 - Proposed method to allocate resources to existing routes to meet service standards
- New Service
 - Prioritized recommendations for expansion and frequency improvements

Bus Service Standards

1. Loading
 - Conduct annual loading analysis
2. OTP
 - Conduct annual OTP analysis
3. Headways
 - Improve through addressing loads and new service improvements
4. Service Accessibility
 - May improve with new services
5. Span
 - No improvements recommended without demonstrated demand

Addressing Loading and OTP

- Loading Analysis
 1. Are there Title VI or EJ issues?
 2. Do we meet standard?
 3. Which lines have highest percentage load issues?

- OTP Analysis
 1. Are there Title VI or EJ issues?
 2. Do we meet standard?
 3. Which lines have longer headways?
 4. Which lines have most riders?

New Service Priorities

- “New Service” Includes Expansion and Frequency Improvements
- Transit System Study Recommendations
- Recent Productivity
- Geographic Distribution
- Post-Transit System Study Customer Comments
