

Board of Directors  
 Orange County Transportation Authority  
 Orange, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Orange County Transportation Authority (OCTA) for the year ended June 30, 2014 and have issued our reports thereon dated as indicated below:

<u>Report</u>	<u>Audit Report Date</u>
Comprehensive Annual Financial Report (CAFR)	October 30, 2014
91 Express Lanes Fund	October 30, 2014
Local Transportation Fund (LTF)	October 30, 2014
State Transit Assistance Fund (STAF)	October 30, 2014
Orange County Local Transportation Authority (OCLTA)	October 30, 2014

We are currently performing the compliance audit of OCTA’s federal award program (the Single Audit) and plan to issue our reports thereon prior to December 31, 2014.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 1, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by OCTA are described in Note 1 to the financial statements. As described in Note 19 to the financial statements, OCTA adopted Governmental Accounting Standards Board (GASB) Statement No. 67, *Financial Reporting for Pension Plans-an amendment of GASB Statement No. 25*, effective July 1, 2013. We noted no transactions entered into by OCTA during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting OCTA’s financial statements were:

Management’s estimate used in: establishing allowances and recognizing toll road violations, risk management claims liabilities, fair value of investments, depreciation expense and the valuation of capital assets, amortization of intangible assets, and pension and other postemployment benefit liabilities and disclosures. We evaluated the key factors and assumptions used to develop these estimates in determining that they appeared reasonable in relation to the financial statements taken as whole.

The financial statement disclosures are neutral, consistent, and clear.

### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements, taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letters, dated as follows:

Comprehensive Annual Financial Report (CAFR)	October 30, 2014
91 Express Lanes Fund	October 30, 2014
Local Transportation Fund (LTF)	October 30, 2014
State Transit Assistance Fund (STAF)	October 30, 2014
Orange County Local Transportation Authority (OCLTA)	October 30, 2014

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to OCTA's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as OCTA's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### *Other Matters*

We applied certain limited procedures to management's discussion and analysis, budgetary comparison information, and pension and other postemployment benefits schedules, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining and individual fund statements and schedules, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory section and statistical section, which accompany the financial statements but are not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

*Other Information in Documents Containing Audited Financial Statements*

OCTA plans to include the audited financials in the annual report for the 91 Express Lanes Fund. Our responsibility for other information in such documents does not extend beyond the financial information identified in our report. We do not have any obligation to perform any procedures to corroborate other information contained in these documents. Our procedures are limited to reading the information and comparing such information to the audited financial statements.

Restriction on Use
