

### Citizens Advisory Committee January 18, 2022

Sustainable, equitable, and innovative transportation solutions.

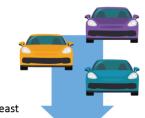

### Public Engagement

- More than 1,800 surveys
- Received feedback from:
  - Key stakeholders
  - OCTA's public committees
  - Public webinar
  - Pop-ups

### **Community Survey Findings 1**

Select your top two strategies to help decrease traffic congestion and reduce how much people need to drive in the future.

Encourage policies to allow employees to work from home at least one day per week, whenever possible

#### 32%

32%

Improve and expand commuter rail services including Metrolink and Amtrak

#### **28%**

Create a network of light rail streetcars serving key destinations and activity centers

27%

Improve and expand bus services

#### **27%**

Offer transit riders access to shuttles, shared bikes/scooters, and rideshare services at transit stations to get to their final destination (i.e. mobility hubs)

#### 21%

Modify streets to safely accommodate all forms of transportation (driving, transit, walking, bicycling, etc.)

#### 19%

Encourage carpooling, vanpooling, and ridesharing

Improve bike lanes, sidewalks, pedestrian safety, etc.

Which transit improvements do you think could help relieve congestion the most in Orange County? (Select top three)

### Create local community shuttle services that get people to and around major activity centers

#### 55%

Enhance connections to and from bus stops and rail stations by developing Mobility Hubs (multiple services in one location)

#### 46%

Enhance commuter rail services (Metrolink/Amtrak)

#### 41%

Provide transit only lanes with high quality services (e.g. light rail or bus rapid transit) to connect activity centers through high traffic areas

#### 41%

Enhance local bus service in areas with high ridership potential

#### 36%

Add streetcar services in areas with high ridership potential

#### 24%

Create on-demand shared ride services (Uber/Lyft/Microtransit)

## **Community Survey Findings 2**

OCTA is looking to improve and introduce more technology into transportation. What do you think OCTA should be focused on? (Select top three)

"Smart" roadways/ intersections (adding sensors to inform drivers of real-time travel conditions) 64%

Real-time transit apps and information (Moovit, Transit App, etc.) 60%

Synchronized Traffic Signals 58%

Teleworking technologies (virtual meeting platforms, broadband, etc.) 38%

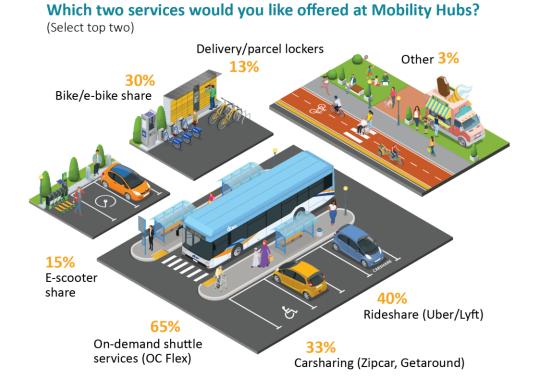

Rank the following transportation improvements in order of

**importance.** (1 = most important; 5 = less important)

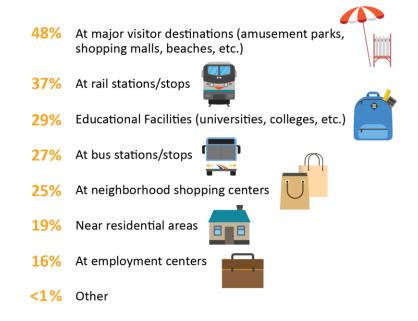

|                     |  | AVERAGE<br>RATING |
|---------------------|--|-------------------|
| <b>The sum with</b> | Bus, streetcar, light rail, shuttle, trolley, vanpool, and other transit services                      | 2.4               |
| <u>#</u>            | Freeway maintenance, on- and off-ramp<br>enhancements, and projects to improve<br>overall traffic flow | 2.4               |
|                     | Pothole repairs, signal synchronization, and intersection improvements                                 | 2.7               |
|                     | Bike lanes, bikeway and sidewalk networks,<br>and pedestrian pathways                                  | 3.3               |
|                     | Enhanced infrastructure to accommodate autonomous driverless vehicles                                  | 4.3               |

### Community Survey Findings 3

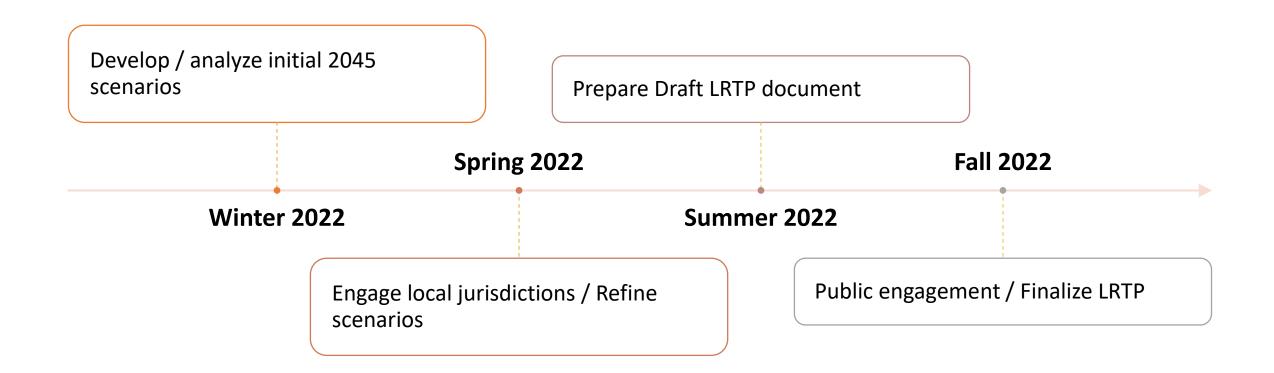

#### Where should Mobility Hubs be placed in Orange County?

(Select top two)
